Bosros, March 12, 1858 Mes rs. A. G. Bason & Co.-I have been using you Mexican Musiang Liniment for some weels, and it has produced a cure on me that is truly wonderful. For the last three or four years I have had a large ourch gather on the sole of my foot, covering one-half of the whole surface, quite bard and bony, yet as tender and sore as though the firsh was onlively bare. I have tried various sensalles, and consulted many medical man of high stond-log, and have had my feet instead numerous times, and tlong since the hard bunch was out out, but to no afnot long since the hird bunch was not out, but to no effect. I noticed your Liniment was adverted of an ourse for sores, tumors, hard busches, dr., and I made a trial and by the use of two bottles my foot has a sirely recovered, and is now as smooth and soft as it one was. There are hundreds who are knowing to the above, and have seen the foot, and can testify that the same is true.
